

395 Lariat Way
Wright WY 82732
307-464-1666

**Campbell County / Town of Wright
2020 Building Inspections Services Agreement (ISA)**

FAQ's

Q: Have the requirements or fees for building permits changed with the new ISA?

A: No

Q: Who do I call for Zoning information?

A: Contact the Town of Wright at 307-464-1666 with zoning questions.

Q: What types of permits and inspections does the Town of Wright require?

A: The Town of Wright issues permits for Building, Plumbing, and Mechanical (HVAC) projects. See the handout 'Wright Permit FAQ's' for more info. The State of Wyoming handles all electrical permitting and inspections. For Electrical permits, call 307-777-7288 or visit the state webpage at: <http://wsfm.wyo.gov/electrical-safety/wiring-permits-1>

Q: Who do I call for building code information?

A: You can call the Campbell County Building Department directly at 307-682-1970. Please let County staff know that your project is located within the city limits of Wright.

Q: Where do I apply for a permit?

A: All permits are still applied for and processed at the Wright Town Hall at 395 Lariat Way.

Q: How long will it take to get a permit?

A: Many permits such as sheds, re-roofs, and similar projects are issued 'over the counter'. New structures or significant remodels are typically reviewed by Campbell County staff for code compliance. You can call either the Town of Wright at 307-466-1666 or the County at 307-682-1970 to discuss your project to determine what may be needed for permit approval.

Q: When can I get an inspection on my project?

A: The County provides inspection services on Tuesday's and Thursday's in Wright.

Q: Who do I contact to schedule an inspection for my project?

A: Call the County Building Department at 307-682-1970 to schedule inspections. Be sure to have the project address, permit number, and a call-back contact number ready to give to the inspection scheduler.
